MSRP

Species	USD
Walnut	2,600
Oak	2,400
Maple	2,400

The Dibbet Coffee Table is a minimal, low, round table with a smoked glass, lens-shaped insert recessed flush into the top. A comfortable and contemporary living room centerpiece or side table with sturdy, thick glass to help you take down a note or place a drink without worrying about where your coasters went. The glass is removable and easily cleaned and can be used directly for serving your favorite cheese or charcuterie. The round shape allows easy movement around the table with no sharp corners. Pictured in natural oak, bronze smoked glass, and a hand-rubbed oil & wax finish.
